

HEWID® Heizelemente GmbH is an owner-managed family business that has been developing and manufacturing heating tapes for industrial applications since 1948. Our portfolio includes a wide range of electrical heating elements for the solution of industrial heating tasks in all industries.

To strengthen our workshop team, we are looking for:

Parts finisher/industrial mechanic (f/m/d)

(full- and part-time possible)

Your duties:

- Reading, interpreting and understanding technical drawings
- Cutting of all relevant components by means of guillotine shears and Laser cutting system - drilling, riveting, punching, welding, bending and rolling of sheet metal or wound parts
- Assembly and wiring of components
- Final inspection or testing of finished heating elements

Your qualifications:

- Completed vocational training as an industrial mechanic* or equivalent Training - Good technical understanding - High level of quality awareness - Enjoy working in a team - Ability to work under pressure and deal well with stress situations - Commitment, reliability and punctuality

Our offer:

- A varied activity in a family atmosphere
- No shift work
- Very good connection to public transport in Berlin-Lichtenrade
- Flexibility in the scope of employment in order to support the reconciliation of work and family life.

Have we aroused your interest? We look forward to receiving your application at info@hewid.de.
